

D.EL.ED 5-YEAR PYQ TOPIC-WISE BANK

Paper S2.3: Pedagogy of Environmental Studies (2021 – 2025)

Extracted and categorized topic & sub-topic wise according to SCERT Assam D.El.Ed Syllabus | Total Questions: 91

UNIT 1: Concept of Environmental Studies

1.1 Meaning, scope and importance of EVS, its evolution as a curricular area at primary level

1. Explain the scope and importance of EVS subject in Education.

2 Marks

2024

1.2 Objectives of teaching EVS at the primary level

2. Write one objective envisaged in NCF, 2005 of learning EVS at elementary level.

1 Mark

2021

3. Write one necessity of learning Environmental studies at elementary level.

1 Mark

2022

4. Mention four objectives of teaching Environmental studies at primary stage.

4 Marks

2023

5. Write two objectives of teaching EVS in primary level.

2 Marks

2024

6. Write one objective of teaching Environmental Studies at the elementary level.

1 Mark

2025

1.3 EVS as envisaged in NCFSE-2023 / NCF-2005

7. Describe the instructions given by NCF-2005 for effective classroom transaction of Environmental studies.

4 Marks

2022

8. Write a basic principle implemented in EVS according to NCFSE-2023.

1 Mark

2024

9. Write the full form of NCFSE.

1 Mark

2025

10. Write two principles recommended in the Environmental Studies according to NCFSE-2023.

2 Marks

2025

1.4 Curriculum orientation (Integrated EVS, Science & Social Science)

11. Discuss how curriculum of EVS is organized at elementary level.

4 Marks

2021

12. Which subjects are integrated in EVS? Explain with example.

4 Marks

2023

13. Science and Social Sciences are two main parts of EVS. Explain.

3 Marks

2024

UNIT 2: Understanding Environment

2.1 Environment and its types

14. Give example one each of natural environment and social environment.

1 Mark

2022

15. Mention different types of environment.

1 Mark

2024

16. What are the types of Environmental Studies? Explain.

3 Marks

2025

2.2 Climate change & its impact (Global warming, Ozone layer, Pollution, Health hazards)

17. What is the theme of World Environment Day, 2021?

1 Mark

2021

18. Explain how climate change is related to global warming.

3 Marks

2021

19. Write a short note on COVID-19 as a health hazard.

3 Marks

2021

20. What is Ozone layer depletion?

1 Mark

2022

21. Write two causes of air pollution.

1 Mark

2023

22. Mention two National Parks of Assam which are newly included in the list of National Parks.

1 Mark

2023

23. Name two apparatuses for measuring pressure and amount of water vapour in the air.

1 Mark

2023

24. Mention two ways for preventing water pollution.

1 Mark

2023

25. Mention one difference between renewable and non-renewable sources of energy.

1 Mark

2023

26. In which day "World Environment Day" is observed and why?

1 Mark

2023

27. Is sound a pollution? Give reason.

1 Mark

2024

28. Write about the disasters caused by climate changes.

3 Marks

2024

29. Write any two causes of climate change.

1 Mark

2025

30. Explain the impact of ozone layer depletion in global warming.

2 Marks

2025

2.3 & 2.4 Disaster Management, Hazards & Types of Devastating Disasters

31. Impact of disasters in school safety and security.

2 Marks

2021

32. What is meant by preparedness in disaster management?

1 Mark

2022

33. What do you mean by natural disasters and man-made disasters? Explain with examples.

4 Marks

2023

34. Give two examples of man-made disasters.

1 Mark

2024

35. Draw a diagram which can be used to give an idea of natural disaster.

2 Marks

2024

36. Give two examples of natural disasters.

1 Mark

2025

2.5 & 2.6 Impact of disasters, Preparedness & Comprehensive School Safety

37. Mention one way of school safety.

1 Mark

2022

38. Mention one way of Disaster Risk Reduction (DRR) at school.

1 Mark

2022

39. Write about the comprehensive school safety measures and security.

3 Marks

2024

40. Draw a picture that shows what to do to keep the school safe from natural disaster.

2 Marks

2025

41. Write few measures of disaster risk reduction.

3 Marks

2025

UNIT 3: Teaching Methodology

3.1 Approaches of Learning (Experiential, Inquiry, Discussion, Field Visit, Local Wisdom)

42. Give one example of enquiry-based learning.

1 Mark

2021

43. What is the purpose of enquiry-based learning? How confirmation enquiry is different from open enquiry? Explain.

5 Marks

2021

44. Write about the effectiveness of conducting inquiry through activities in learning Environmental studies.

2 Marks

2022

45. "Acquiring the concept of the types of vegetation the learner will be able to classify the vegetation around his/her surrounding." To achieve the above-mentioned competency, plan one activity for Class-III students of EVS where you will use "Field visit" as a process of conducting inquiry.

5 Marks

2022

46. **OR:** "Acquiring the concept of disaster the learner will understand the devastating nature of disaster." Plan one activity to help Class-V students in achieving the above-mentioned competency by selecting any one way of conducting inquiry.

5 Marks

2022

47. Do you think group activity or discussion method is appropriate for transaction of lesson of EVS in the classroom? Give your opinions.

4 Marks

2023

48. Write the relationship between group work and field visit.

1 Mark

2024

49. How does collaboration with local wisdom help in the study of Environmental Studies?

1 Mark

2025

50. Write about an assignment which is relevant to the teaching of Environmental Studies. State its importance.

5 Marks

2025

3.2 Process skills in EVS (Observations, Classification, Data Analysis, framing hypothesis)

51. Impact of alternative concept on concept development of learners.

2 Marks

2021

52. Impact of proper feedback on learners' correct concept development.

2 Marks

2021

53. Design one activity of any lesson of any EVS textbook for developing the "Observation" and "Classification" skills of learners.

5 Marks

2021

54. "Development of Process Skills in Environmental studies helps the learners in conducting inquiry for concept development." Explain the significance of the statement.

4 Marks

2022

55. Write short answer on: **(a) Observation / (b) Data analysis.**

2 Marks

2023

56. How does observation help in EVS subject?

1 Mark

2024

57. Explain any three processes related to process skills in EVS.

3 Marks

2024

58. Explain the role of data analysis in Environmental Studies.

3 Marks

2025

3.3 Preparation & use of TLM, Audio-Visual Aids, and ICT

59. Impact of ICT on effective lesson transaction of EVS.

2 Marks

2021

60. Write one importance of using map as a learning material in Environmental studies.

1 Mark

2022

61. How use of ICT can make teaching-learning process of Environmental studies effective?

2 Marks

2022

62. Importance of ICT in classroom transaction.

2 Marks

2023

63. Write about the uses of ICT in EVS subject.

2 Marks

2024

64. How do audio-visual aids help in the classroom transaction of Environmental Studies?

1 Mark

2025

3.4 Role of teacher as a facilitator

65. Complete the sentence: "The role of teacher in EVS classroom is as a _____."

1 Mark

2021

66. What should be the role of teacher during classroom transaction of Environmental studies? Give your opinions.

2 Marks

2023

67. Complete the sentence: "The role of teacher in EVS classroom is a _____."

1 Mark

2024

UNIT 4: Classroom Planning for Teaching / Learning

4.1 & 4.2 Planning for EVS classroom transaction & Lesson/Unit Plan

68. Why teacher needs to prepare unit plan in Environmental studies?

2 Marks

2022

69. Mention two differences between Lesson Plan and Unit Plan.

2 Marks

2023

70. What kind of planning is needed for EVS classroom transaction?—Explain.

3 Marks

2024

71. Importance of lesson plan in Environmental Studies.

3 Marks

2025

4.3 Concept mapping, Competency mapping, and Thematic web chart

72. What is concept mapping?

1 Mark

2021

73. Prepare competency mapping of lesson no 4 "Bichitra Prani" of Class-III EVS textbook.

3 Marks

2021

74. Write one competency of the lesson "Our Social Institutions" of Environmental Studies textbook of Class-IV.

1 Mark

2022

75. Prepare a concept map on any one lesson from the textbook of EVS of Class-IV.

4 Marks

2023

76. What do you mean by thematic web chart?

1 Mark

2024

77. Draw concept mapping of any topic of environment.

2 Marks

2024

78. What is concept mapping? Give an example.

2 Marks

2025

79. Draw a concept map on any topic of environment.

3 Marks

2025

80. Prepare a thematic map on any lesson of Class-III Environmental Studies. Write its importance.

5 Marks

2025

4.4 Analysis of EVS Textbooks

81. Discuss about the necessity of textbook analysis by the teachers for preparation of proper lesson planning of EVS.

3 Marks

2021

82. What is the need of analysis for different textbooks of Environmental Studies?

1 Mark

2025

UNIT 5: Evaluation and Assessment in EVS

5.1 Continuous and Comprehensive Evaluation (CCE / CCA)

83. What is Continuous and Comprehensive Assessment (CCA) in Environmental studies? Write two differences between Formative Assessment and Summative Assessment.

4 Marks

2022

84. Give three reasons on need of continuous and comprehensive evaluation of teaching EVS.

3 Marks

2023

85. Write the full form of CCE. Explain how CCE can be implemented in EVS.

5 Marks

2024

5.2 Different ways of Assessment (Assessment FOR/AS/OF Learning)

86. Mention the names of one assessment technique as well as one tool to assess environmental awareness of learners.

1 Mark

2021

87. Discuss in short about the necessity of assessment for learning.

2 Marks

2021

88. Why assessment is necessary for learning?

2 Marks

2022

5.3 Formative & Summative Assessment Techniques, Tools & Reporting

89. What is formative assessment? Mention a process to take formative assessment for any lesson of EVS textbook of Class-II.

5 Marks

2024

90. Write two important tools for formative assessment.

1 Mark

2025

91. How does feedback and report writing can be used in Environmental Studies?

2 Marks

2025
